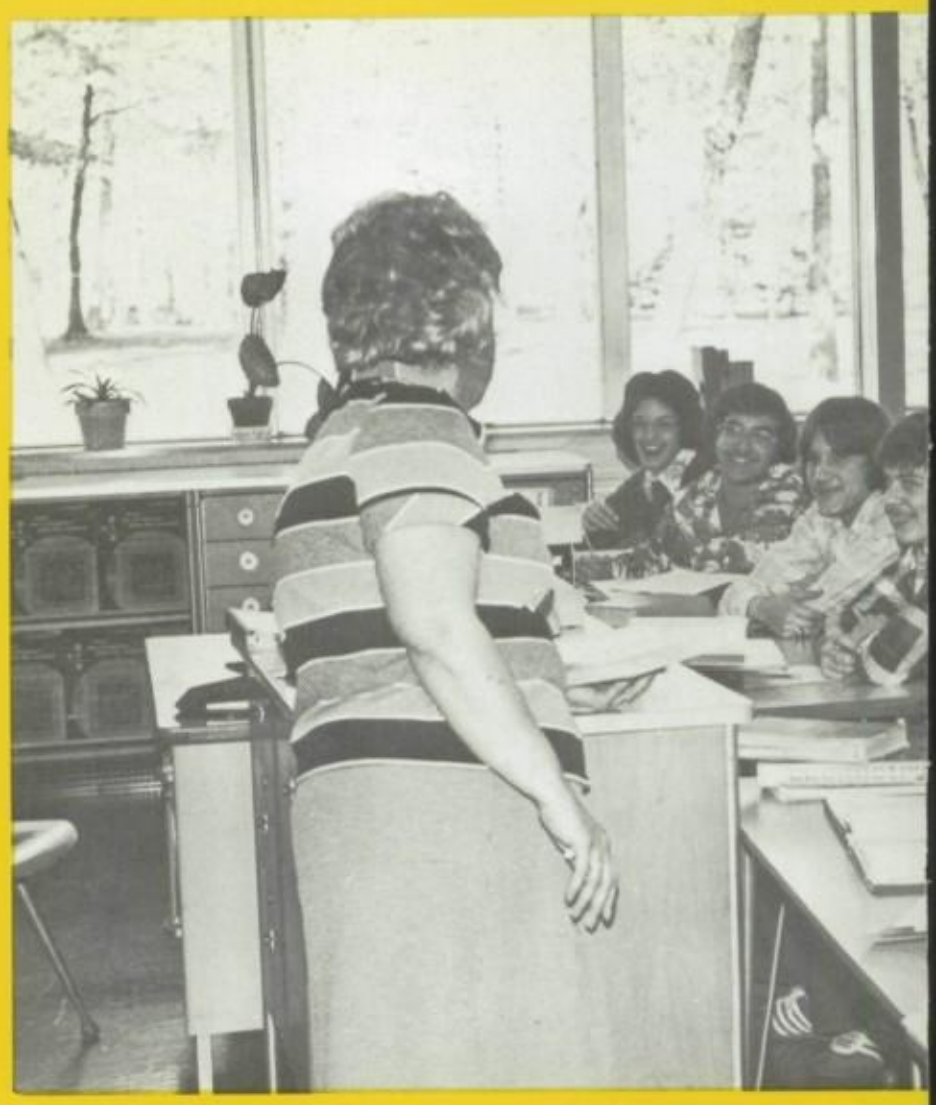
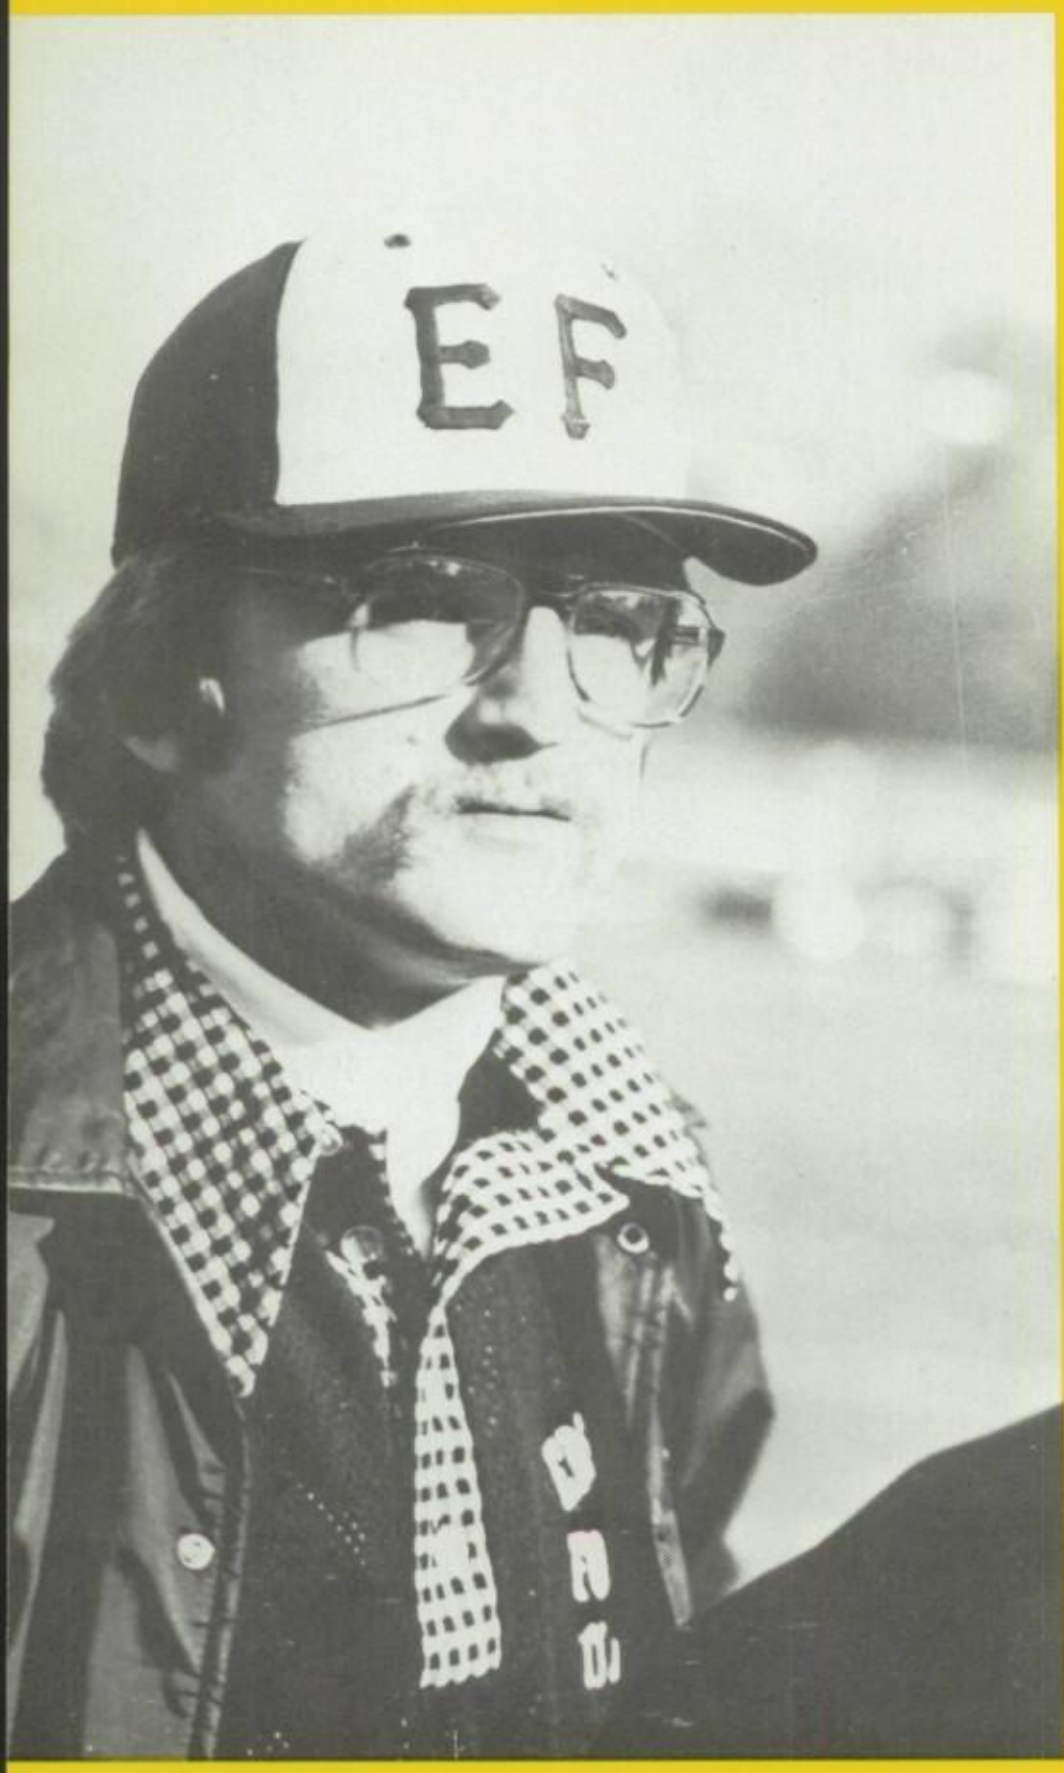
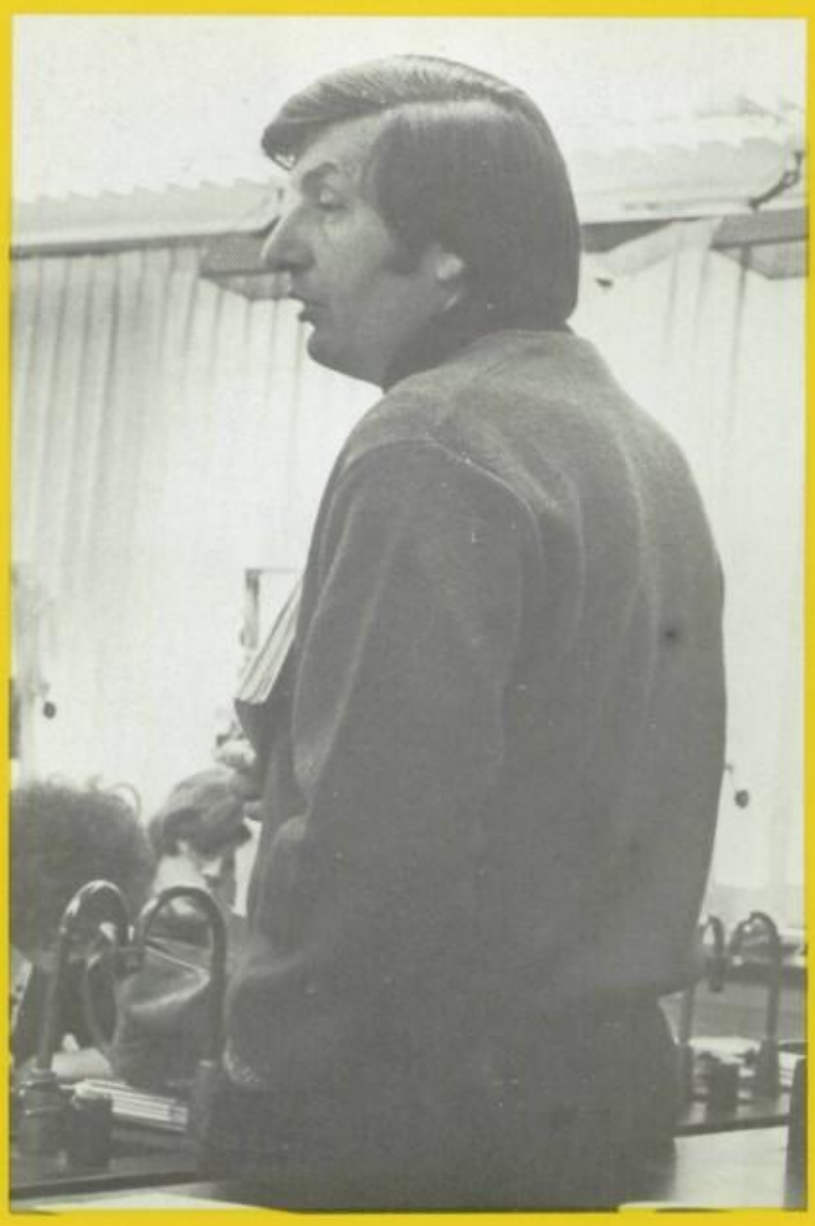
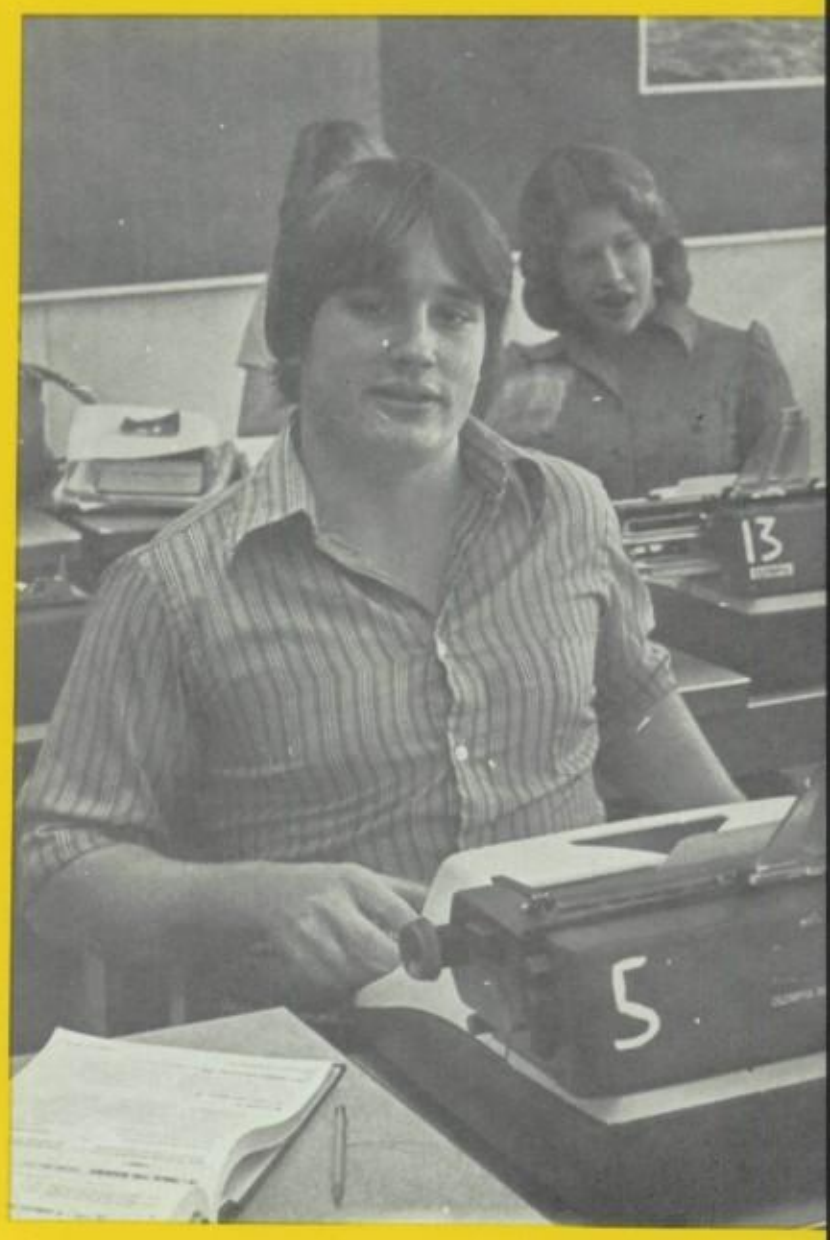
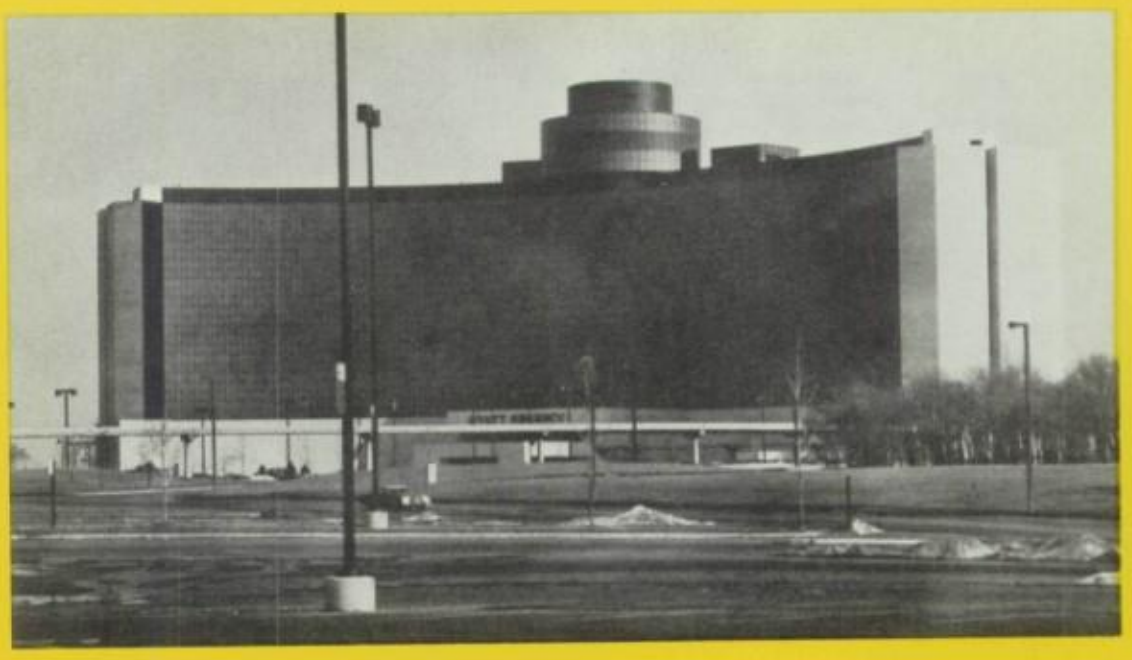
Like the twilight in the road up ahead
They don't see just where we're goin'
And all the secrets in the universe
Whisper in our ears and all the years will come and go
And take us up always up.

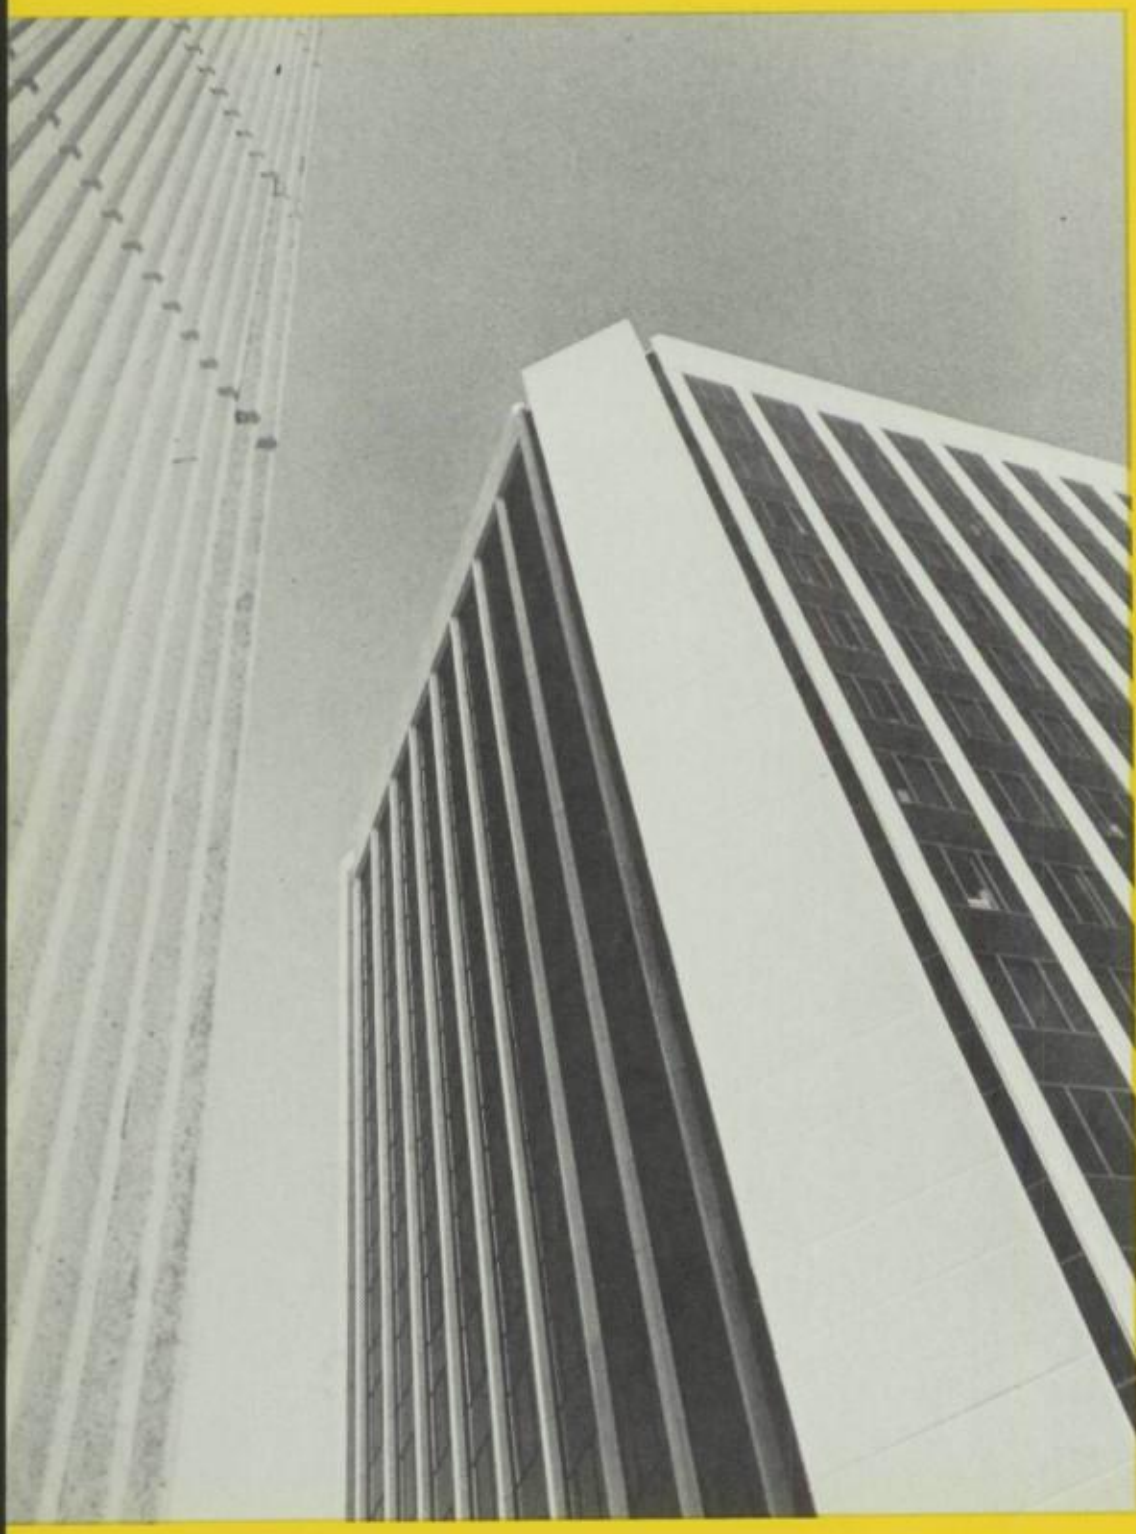












Like Columbus in the olden day
We must gather all our courage
Sail our ships out on the open sea
Cast away our fears and all the
years will come and go
And take us up-always up

Senior class float captures first place

This year's Senior Class Council is sponsored by Mr. Harry Adams. The council is run by senior President Joe Siciliano, senior Vice-President Pam Berce, senior Treasurer Sally Cumming, and Secretary Susan Synowiec.

There are 18 represenatives and 18 alternates, two members from each Human Relations class. The class council has been busy this year by selling candy, sponsoring the Homecoming and the Sponge Dance and they ran two football concession stands and one basketball concession.

Students enjoy Homecoming festivities

Edsel Ford celebrated the annual Homecoming festivities on Friday, October 29, with much enthusiasm.

This year the procedure for nominating the Homecoming Court was performed in a different manner. First of all 15 candidates were chosen by various active clubs from around the school. The entire student body then voted and five finalists were chosen. From the five finalists, the Senior Class then chose the queen whose name was announced at half-time ceremonies.

Senior Pat DePoli was crowned as queen and escorted by Rick Morrone. Other court finalists and their escorts included Pam Berce and Jeff Westray, Karen Leverenz and Mike O'Hagan, Jan Neely and Bill Waldron, and Patty Sarkisian and Bob Tarrant.

Also, the football game contributed to the excitement of the day as the T-Birds trounced the Allen Park Jaguars by a score of 48-0.

Following the afternoon activities was the Homecoming Dance, which was held in the Thunderbird Hall from 8-11:00 p.m. The "Goldtones" provided music for the dance which brought an enjoyable conclusion to a very memorable day.

This year's Funny Farm Dance sponsored by the Debate Club was one with a multitude of costumes present. The variety and ingenuity of those at the dance were the best seen for many years.

Prizes were given out to those in the best costume and judges found out that the decisions were tough. With everything from a cannibal to a walking sandwich present, one could tell the difficulty in picking a winner.

But for even those that did not win a prize, the evening was an enjoyable one as music was provided by the band "Desire."

The money raised will be used for the Debate Scholarship Fund of the Summer Debate Insitiute, This will enable students to be sent to Debate Camp during the summer.

Edsel welcomes AFS exchange students

This year two new additions have been added to Edsel's senior class. Ivana Zuleta and Olivier Coulonvaux, this year's foreign exchange students.

Ivana, is presently staying with the Milkie family in Farlaine East. Ivana's home residence is in Potosi, Bolivia. Although Ivana is very grateful to the Milkie family, she comments, "I miss my own family."

Olivier's family lives in Dinant, which is located in Belgium. Olivier is enjoying his stay in America and attending Edsel Ford. He is active in A.F.S., French Club, and is a member of the tennis team. Like Ivana he feels he would not be happy if he were to make a permanent residence here in America Olivier is staying with the Baker family.

Both students agree that they are glad to be a par of the A.F.S. program, and they are enjoying their stay at Edsel Ford.

Seniors receive guidance for planning future

Senior counselors play one of the most important roles in the lives of the graduating seniors. For three years they help to mold their students in to well-developed adults with promising futures.

The counselors help to find the career interest of each individual student. They also help the students find the right college to further their education.

The senior year in human relations is mainly concerned with marriage, adult responsibilities, and financial planning for the students. This gives the student an idea of some problems that will come up in every day life as an adult, also how to solve them.

By the time most seniors graduate their counselors have become more than a teacher, they are a friend who has helped them through their high school years.

Parents help provide enjoyable atmosphere

Winding up 3 years of schooling, last year's seniors held the traditional senior party the night of commencement. The class of '76 picked "Photographs and Memories" for their theme and the class song was "Old Days."

The seniors kept up tradition with the choice of Thunderbird Hall as the location for the party. The hall was decorated with the colors of the rainbow. As Edsel's seniors of last year had special distinction of being bicentennial graduates, special emphasis was placed on the colors red, white, and blue.

"Smiling Faces" not only reflected the general atmosphere but also was the name of the band who provided part of the evening's entertainment. Parents paid for the students' tickets and lined up an hour of special stage acts.

Lovett Hall is still the Senior Class choice

The biggest event of a high school student's years is the Senior Prom. Last year it was again held at the beautiful Lovett Hall for the 18th year in a row.
This beauty was only completed by the stunning seniors in their formal gowns and tuxedos. The expectations of this year's seniors are equally as high.

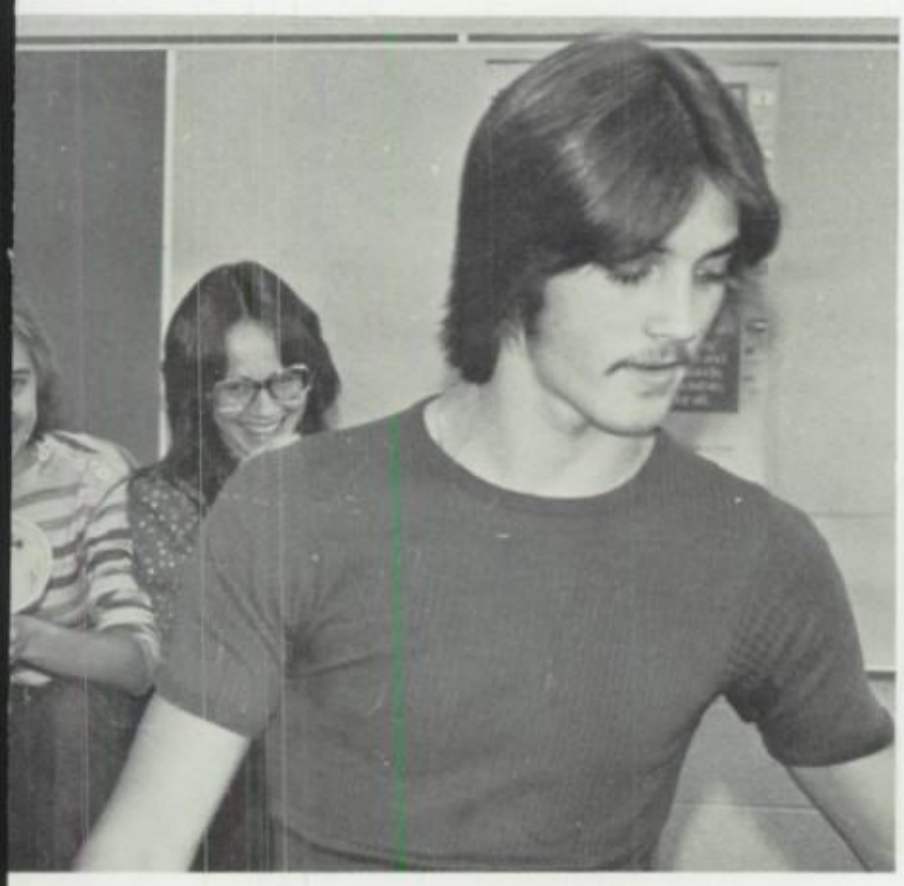
CLUBS AND SERVICES



AVI, Bike Club suit student interests

AVI is an organization within the school that provides services for the school. It also helps students involved to get some experience in electronic technology and in the handling of mechanical equipment.

In the past AVI operated out of its own office in A Hall, but it now operates out of the Media Center. They assist the librarians with operating and repairing the AVI equipment.

With the addition of sophisticated, new equipment, the duties of the AVI assistants have taken on an even more technical role over the past few years.

The Bike Club is on of Edsel Ford's most active organizations. The purpose of the Bike Club is to encourage interst in bicycling, safety practices in bicycling, and also to participate in short trips on bicycles.

Senior Bruce Carol is president of the Bike Club which has taken trips to such notable spots as Ann Arbor, Belle Isle and Hines Park.

The Bolt becomes a weekly newspaper

Do you now why Edsel Ford's newspaper is called the Bolt? This name was selected by the staff members in 1955 for two reasons.

First of all a bolt is an object which holds something together. Also, a bolt of lightning makes its presence in a very jolting way. Thus, the Bolt acts as a unifying device, by keeping the student in touch with current school events, and also, it leaves a striking impression on the minds of all readers.

This year's staff consists of 18 dedicated members headed by Mr. Edward Fryzel, who is in his fourth year as staff advisor. Senior, Al Mozol, is the Bolt's editor.

Also, among this year's staff, is copy editor Linda Tanzini, 12, who is the winner of the Dearborn-Guide's William A. Ross Scholarship Award.

Club works towards increasing school spirit

The main purpose of the Booster Club is to promote school spirit and interest in sports events. They also earn money for buses for away games.

This year the Booster Club sold linen calandars, spirit buttons and stationery to raise money for buses. They also participated in the Flea Market and several bake sales. Without the hard work and efforts of Booster Club members, many buses to away games would not have been possible.

Another important thing the Booster Club does is paint signs for the sporting events. Many devoted members spend hours after school painting these signs.

This year's officers are President Mary Koppinger, Vice President Dave Nowak, Secretary Annette Russo and Treasurer Donna Sikora. The club sponsors are Mrs. Shooshian and Mr. West.

Classes bring many benefits to students

Debate is a class that involves a great deal of communication. It assists the student in developing logic and reasoning in the presentation of a sound argument.

Each year the topic selected is one that deals with current and relative problems. In researching the topic, the student becomes better informed on those policies that affect him and his society.

The Debate Club was established in order to raise funds to be used to support Edsel Ford debaters at summer institutes. The summer debates are conducted on college campuses across the nation.

Also, the art of forensics can bring many benefits to a student. Forensics allows students to gain a greater appreciation of various literature and assists them in the skills of effective communication.

This class gives students the opportunity to compete in the interpretation of various categories including children's literature, serious, humorous, multiple reading, as well as informative and original oratory.

Both classes are open to any students who are interested in developing skills in argumentation and interpretation of literature.

Club continues to improve environment

"The main purpose of the Ecology Club is to provide a way for concerned students to become involved in environmental activities taking place in and around our school and city," says Mr. Herman Boatin, the sponsor of the club.

The members of the club are mainly concerned with improving the surroundings of the school and the environment of Dearborn. One new concern of the club is taking care of the tree nursery, which will be expanded in the spring. Also, the members are very much interested in the conservation of Snow Woods and the Henry Ford Wildlife Preserve.

Early in the fall, the club conducted a bottle drive in which they collected non-returnable bottles for the enforcement of Proposal A. Some of their fund raising projects included a car wash, bake sale, and two tables at the flea market. This money will go towards the court program, and primarily for the rebuilding of the lower pond in the Thornley Court.

Once again this year, Advisor Mr. Ed Fryzel, led his **Flight** staff to another production and sale of the 1976-77 Flight.

This year's **Flight** staff consists of eighteen students who work under the direction of Senior Janine Kolakowski, this year's staff editor. This year the **Flight** has adopted a sports staff, which consists of six members, Kurt Dobronski, 12, is staff editor. The purpose of the staff is to see that all sports related sections in the **Flight** are attended to. This year's **Flight** has taken on three talented photographers: Tim Fluharty, Dale Zanardelli, and Debbie Grau. Although Tim and Dale are not members of the class, they have dedicated their time and effort to taking a large portion of pictures that are displayed in this year's **Flight.** The remaining staff members perform several tasks such as: underclass and senior class paste-up, typing indexing, and proof-reading.

From the first page of the introduction to the last page of the index, a staff of students dedicates its time to producing the final copy of the yearbook which is distributed in June.

G.A.A. provides opportunities for leadership

The Girls Athletic Association (GAA) is a club open to all girls who actively participate in intramurals or interscholastic sports. The purpose of this club is to provide opportunities for promoting health, recreational interest, leadership, sportsmanship, and good citizenship. GAA also provides activities in which students can make new friends and give aid to the community.

Any girl other than a 12a student is eligible for membership in GAA. She must have earned 100 points within one semester through participation in the sports program and show qualifications of good sportsmanship.

Many sports are offered through the intramural and interscholastic programs. Although the activities offered in intramurals keep in line with what is happening in gym, interscholastic sports remain basically the same each year.

The officers of the club are President Donna Cseke, Vice-President Mary Beth Brotherton, Secretary Pat Raines, and Treasurer Leslie Paull.

Language clubs stress customs and culture

The German and French Clubs' main objective is to give the students more awareness of the cultures and customs of France and Germany.

The German Club, which consists of about 45 members, is one of the most active clubs in the school. They engage in many activities, ranging from canoe trips to Advent calandar sales. The officers of the club are: Trish Malanyn, president; Jean Dolega, vice president; Petra Schumann, secretary; and Ken Furnier; treasurer.

The French Club officers are: Julie McCormick, president; Patty Eckles, vice president; Robin McDonald secretary; and Sue Plucinsky, treasurer. Some of the activities the French Club engaged in this year was going to a French restaurant in the fall and a canoe trip in the spring.

The sponsors of the club are Miss Virginia Waldinger for the French Club and Mrs. Jan Leslie for the German Club.

A.F.S. gives students better understanding

The Philippines, Italy, Switzerland, Belgium and Bolivia, are just a few of the countries involved in the AFS program. Members can spend a total of one full year in a country living with a family and learning customs as well as a new way of life, or just a month of their summer abroad.

The goal of the American Field service is to provide for a better understanding of life abroad and foreign countries. It is not mandatory for a student to leave the country for this goal to be achieved. AFS has a short-term exchange program for one or two weeks, where a student may visit any state in the U.S. and attend school there etc. If that's still too much travel, one can always host another student.

How is all this possible? The popular mistletoe sale, daffodil sale, and assemblies are examples of the club's activities and money raising projects, not to mention international dinners and seasonal parties.

Media center offers a variety of materials

The Media Center, which was revised two years ago, is now finding it hard to let the students be aware of what equipment is available to them. ''A lot of students have the wrong idea about the Media Center; they do not realize what is available to them,'' comments Miss Betty Lee, one of the two full time librarians.

Many students still refer to the Media Center as a library, but it offers much more to the students than the basic library facilities. Some of its extra facilities are the microfilm readers, reader printers, and study carrels, twenty for basic study, and ten with audio-visual equipment in them.

The Media Center is open from 7:30 till 4:00. All Students are encouraged to use the Media Center throughout the day. It is even open during both lunch hours.

The Media Center has taken on another task this year. All the audio-visual equipment for the school is kept and is taken care of by library personnel.

N.H.S. serves students; chess players improve

As in past years, the National Honor Society has continued to honor students who are outstanding academically, civically, socially and who are active participants in school events. To become a member of N.H.S. students must retain a 3.00 grade average and be involved in at least two school activities. They must also be active in some service or activity outside of school.

Rendering service to others is an important part of being a N.H.S. member. This year members began helping Mrs. Geraldine Fencyk and Mrs Joyce Liddle by tutoring students in their classes. Other services performed by N.H.S. members are running the bookstall and acting as guides at school events.

This year the Chess Club finished fourth in the High School Chess Team Championships. A total of eight representatives traveled to Flint for the competition. To raise money for the traveling, members held bagel sales throughout the year.

The officers for the Chess club are Rick Dombrowski, president; Dairen Braak, vice president; and Mike Terry, secretary and treasurer.

Ski Club new; Student Government helps

A newly developed club at Edsel this year is the Ski Club. The club had a surprizingly large turnout. Because of the amount of kids and the unusally cold and snowy weather, the club was a complete success. The Ski Club took many trips this winter to places such as Alpine Valley, Pine Knob, and Mount Brighton.

The Ski Club officers were co-presidents, Nancy Pikula and Ed Strahota, secretary Tim Vaughn and treasurer Darrel Snowden. The sponsors for the club were Miss Anne Gautreau and Mr.Robert morency.

The main function of Student Government is to create a means of communication between the students and administration. They help to establish some of the needs of the student body. Student Government was also the group that planned the Welcome Wiggle. The officers for the group were President Dave Kovar, Vice-president Eric Flowers, Secretary Pat DePoli, and Treasurer Jeff Westray. The sponsor is Mr. Lofton Fritz.

Clubs provide educational opportunities

Close-up is an educational club which mainly focuses on teaching students about their government. This year, as in the past, members took a week long trip to Washington. During that week, students attended seminars and afterwards had their own discussions in workshops. Besides spending time in these activities, students also had time to sightsee, and, thus, the trip proved to be both educational and lots of fun.

Earlier in the school year, Mock Elections were set up to promote student participation in the 1977 Presidential Election. Supporting the Republican Party and the Democratic Party were Claudia Ferens and Jerry Miles, respectively. Advertising for the presidential candidates proved to be their main activity. As a result of the passing out brochures and pinning up posters on bulletin boards, both parties gained substantial support. As advertising came to an end, ballots were printed to enable students to vote for the candidates of their choice.

Under the leadership of seniors Jane Jones and Doug Vos, the Bible Club was established this year. Each week students meet to discuss topics concerning Christian life. This enables students the opportunity to express their opinions on various concepts and ideas.

Entertainment provided by musical groups

Hay rides, operas, pot-luck dinners and parties, are just a few of the activities the members of the Tri-M (Modern Music Masters) Club participate in. This club is open to all students, with the only requirement being an interest in music. Mr. Dillingham and Mr. Young are the sponsors.

Edsel Ford is chapter 999 of this national group, and once a student joins, he is a member of Tri-M for life. Because of this, the possibilitv of a reunion for past Tri-M members, became a reality this year at Christmas time.

Mr. Dillingham is also head of four other groups involved in music. These are the jazz band, concert band, marching band, and orchestra. Just a few of the activities these groups were involved in this year were the spring and winter concerts, music performed for the school plays and host to a state-wide band festival which involved 16 other concert bands.

Another function that the Whizzers perform is running the concession stands during home meets. This year's officers are: President Sandy Ulrich, 12; Vice-president Diane Chiesa, 11; Kari Yatch, 11, as Secretary; and April Book, 11, as Treasurer.

The Thespian Club headed by Mr. Neil Brown had two successful play productions. The first was ''See How They Run'' which was presented in the fall and''Guys and Dolls'' which was recently seen in the spring This year's officers are: President Tim Morgan, Vice-President Terese Allen, Secretary Linda Tanzini, Treasurer Pat Nagle, and Penny Orris as clerk.

Varsity club expands; Davis new sponsor

The Varsity Club is a club for both girls and boys who earn varsity letters. It is a club which provides equipment and other services for the school. The club is sponsored by Mr. Jon Davis. Mr. Davis said that all the coaches will contribute some of their time to the varsity club in a rotating method.

The Varsity Club is a big part of our school spirit. The members come to all the athletic activities after school and they wear their varsity jackets. They also sell Edsel Ford hats, and they run concession stands at school activities.

The leaders of the club are senior President Henry Stewart, Senior Vice President Mike O'Hagan, junior Secretary Sue Bibb, senior Sergeant of Arms Mike Webster, and senior Treasurer Larry Guido.

There are around 50 members and Mr. Davis said he is expecting a larger membership in the future with more girls joining.

Annual Sponge Dance, the roles are reversed

An event that has become a tradition at Edsel Ford is the annual Sponge Dance.

The dance, which was sponsored by the Junior Class, was held on March 18th in the Thunderbird hall. It is tradition for the girls to ask the guys to this dance and pay for the entire evening.

The theme chosen for the dance was ''Cafe Rouge.'' The decor was in a street sid cafe style. The band for the dance was ''Contra-band.''

There was a large turnout for the dance, and everyone that went seemed to enjoy the evening.

Spring Musical features 'Guys and Dolls'

The spring play turned out to be a very successful show. ''Guys and Dolls'' was enjoyed by all who viewed this production that ran on March 31, April 1, and April 2. Adding a vital dimension to the production was the variety of characters portrayed such as dance hall girls, missionaries, and even crap shooters.

The four leading characters were played by seniors Janice Guzik and Karl Schneider, as Sara and Sky, and Senior Linda Tanzini and junior Jim Mousigian as Adelaide and Nathan. Various students worked on set, prop, make-up, costume and publicity committees. Music director Phil Dillingham conducted the orchestra while vocal music director Jess Young led the different choruses. Supervising the acting and stage set up was drama teacher Mr. Neil Brown.

Annual Stratford trips are usual success

Many students participated in the annual theater trips to Stratford this year. There were two plays students went to, one in the fall and the other in the spring.

The trip in the fall which was open to all students featured the play, "A Mid-Summer Night's Dream," by Shakespeare. The spring event which was open to seniors only featured the play, "All's Well That Ends Well," also by Shakespeare.

The trip is sponsored by Mr. Neil Brown. All involved fully enjoyed the trips.

Singers provide entertainment for students

This year Edsel Ford held a number of interesting assemblies in order to give students some diversified entertainment and enjoyment to the regular school day.

One such assembly took place on March 14 in which the Adrian Singers performed at an assembly for the students. The Adrian Singers are a very talented group of performers from Adrian College, a liberal arts school, which is affiliated with the Methodist Church. Their performance was quite unique, starting with a number of vocal selections and ending with a very lively dance and vocal spectacle, which included solo performances.

The Adrian Singers assembly was enjoyed by many students and faculty and was one of a number of successful assemblies during the year.

Sophomore officers plan class activities

Leadership is a quality many students have. The sophomore class officers are given the chance to use this skill. The are responsible for leading their class to a successful year.

The class officers for the past year were Kim Davis, president; Margaret Prosyniuk, vice-president; Kim Hutchens, secretary; and Charlene Pingston, treasurer.

The tenth grade was fortunate to have as president a student who has proved herself to be a good leader. Kim Davis was chosen to represent Michigan in a National Youth Leadership Program.

Traditionally the first dance of the year is the Welcome Wiggle. This dance, which is sponsored by the Student Council, is designed to welcome new students to Edsel and to welcome back returning juniors and seniors.

This year's Welcome Wiggle was held on September 25 from 8 p.m. until 11 p.m. in Thunderbird Hall. Students were entertained by the music of "Rockin Ages." The band consisted of five members who satisfied everyone's wants for rock and roll.

After a long summer vacation, the Welcome Wiggle is a good way to get reunited with old friends and meet new ones. This year's dance was a big success and everyone seemed to enjoy it.

Athletes honored at annual celebration

Each year students participating in interscholastic sports are honored at the annual sports banquets. These banquets highlight the sports and give special recognition to those athletes who have achieved outstanding success.

Some of the awards given out in many of the sports were: most valuable player, most dedicated player, and most improved player.

GAA also praises its members and welcomes initiates. Competitors in inter school sports were given letters, and GAA members received pins or letters for their participation in sports.

Assemblies aid students' music background

Assemblies provide a break from everyday class work. Two particularly interesting presentations this year were the opera, ''Trouble In Tahiti,'' and the jazz assembly.

''Trouble in Tahiti'' by Leonard Bernstein is an opera about a husband and wife whose marriage is falling apart. This opera has always been a part of the 11th grade music humanities program, and this year the Michigan Opera Theater came to perform the opera.

The Edsel Ford Jazz Band conducted by Mr. Dillingham presented the jazz assembly. The assembly featured pieces arranged by students. Both assemblies were successful

Upon learning the fundamentals of operating a car, students are immediately exposed to the dangers of driving. Because of the many things that must be learned before one is able to drive, the driver's education program has proven itself very successful.

Time spent in the classroom is necessary to totally understand the rules and regulations that accompany driving a car. Many laws must be clearly understood by a driver to protect both himself and others. Students are then able to test their new found knowledge and abilities on the road, under the supervision of an instructor.

Students can choose between a spring semester or the summer school program.

T-Birds capture Suburban 8 championship

The Varsity Football team closed out their 1976 season with an excellent 8-1 record. The T-Birds got off to a fast start by defeating state ranked Detroit Redford 15-14. However, that night following the Redford game, the suffered a serious loss when juniors Rich Olson and Tim Kososki were lost for the season following a tragic car accident.

Demonstrating the finest team in Edsel Ford's history, the T-Birds rolled over all of their opponents except for cross-town rival Dearborn. In that highly controversial game, several questionable call by referees that went against the T-Birds caused them to lose the contest in overtime. This also caused them to lose a chance of going to the state playoffs.

This year's team, coached by Mr. Jon Davis, Mr. Jack Bridges, and Mr. Duane Machak, featured some of the finest players in the state of Michigan. This fact however will not benefit the T-Birds next year since the majority of the players who started this year were seniors. Considering this fact the 1977 season may be a rebuilding year for the Edsel Ford gridders.

J.V. gridders finish with perfect season

A perfect 7-0 record earned the 1976 J.V. football team the Suburban 8 title.

The team was composed of an awesome defense, which ran up four shutouts in the first four games, combined with a potent offense, that averaged 23 points a game. The squad which scored 161 this season against a mere 40, was led by such talents as Jamie Bedenis, Mark Kaminski, Will Hill, Steve Lovasic, and Wendel Harden.

This championship team was coached by Mr. Roger Cox and, in his first season, Mr. Lynn Langley. The two deserve much of the credit for the team's success.

With the talent of this year's J.V.'s moving on to the varsity level in the coming years, Edsel Ford should have the team to beat in the future.

Girls' swimming team fifth in league meet

The girls' swimming team had a very slow season with a league record or 1-6, non-league of 0-4, and overall win-loss record of 1-10.

The girls came back in the league meet, however, to capture fifth place, ahead of Belleville and Redford Union. Senior Jill Przybylski took a second in the 50 free and third in the 100 free. Junior Sue Bibb took a third in the 500 free and third in the 200 I.M. Senior Co-captain Janet Toler took a seventh in 100 fly and seventh in the 200 free. Senior Terri Rowe took sixth in the 100 butterfly. Edsel took second in the 400 freestyle relay and fifth in the medley relay. Junior Ellen Beckam took eighth place in diving.

The girls were coached by. Mr. Jim Weidemen, his first year coaching the girls. Co-Captains were seniors Liz Brehmer and Janet Toler.

Tennis, field hockey complete second season

This year's field hockey team had a good season for an ''inexperienced team.'' the team consisted of mostly underclassmen with six juniors and seven sophomores and upperclassmen of nine seniors.

They took first in city and fourth in league with a 4-3 win-loss record,

Next year they should be a strong all around team with 13 players returning. The co-captains for this year's team were senior goalie Donna Cseke and forward Pat DePoli. Leading scorer was Mona Fakhoury with four goals, three against Dearborn.

The Edsel Ford girls' tennis team had a tough season with a win-loss record of 4-7. They shared fifth place in the Suburban Eight with Livonia Bentley.

The number one singles was played by senior Julie Moy, and the number two singles was played by Kathy Baltz. The number one doubles consist of junior Denise Cameron and senior Carol Heilbrun.

Surprisingly enough of this year's team consisted primarily of underclassman with six juniors and one sophomore making up the majority of the team. Considering this the girls' tennis next year should be very strong.

Edsel cagers finish season with 11-10 record

The Varsity Basketball team finished the 1976-77 season with a slightly disappointing 11-10 record. Coached By Mr. Dapprich, the T-Birds had high hopes prior to the season, but they could not live up to these high expectations as constant foul trouble and consistently being outrebounded by taller teams plagued the team throughout the season.

The T-Birds were, however, blessed with fine individual talent. Unfortunately, this talent only managed to play to its capabilities on a few occasions. Kevin Byrne, Andy Sitarski, and Kevin Wilson were the dominant figures in the T-Bird attack with each taking turns being the leading scorers.

Senior guards Nevin Schear and Mike Martin also contributed to the team with leadership and hustle. Next year's team will have its work cut out for them since only one starter, Tom Hutchinson, will return.

Season highlighted by victory over Dearborn

The 1976-77 Thunderbird swim team finished the season with an impressive 11-2 record, a second place finish in league, and a sixth place finish at the state meet.

The season was highlighted by a pair of outstanding feats. The first was the 42-41 come-from-behind victory against Dearborn High. It was the first time in nine seasons that Edsel tankers have been able to come away with a victory. Mike O'Hagan and Bill Rissman were outstanding in the meet, as both were triple winners. The second feat came at the state meet as Jack Stavros and Kirk Gunning joined O'Hagan and Rissman in the 400 yard free relay. These four combined to swim to a state title.

There was also one major disappointment at the end of the season as the squad was unable to win the league meet, due only to the fact that four Edsel tankers were disqualified. The loss of the league meet ended the swimmers' hopes for their first league championship.

Extended season provides new dimension

The overwhelming success of this year's girls basketball team can be attributed to the fact that the '76-'77 schedule was increased by 11 games.

This adds a new dimension to the game, giving the girls the opportunity to become more involved in the sport, along with a chance to develop their basketball skills over a longer period of time.

Quarterbacking this year's squad was senior Sue Alley, along with junior Sue Toler. Other outstanding players included seniors Sue O'Connor and Jane Jones, along with junior sensation Lynn Putman.

The basketball team finished out the season with a very impressive 12-4 mark. Coaching the girl cagers this year was Mr. Jack Swank who feels that, "with the two returning starters, along with some promising young talent displayed by the J.V. team, next year's chances of capturing the Suburban Eight league title are very strong."

Spikers have good season despite size

This year's Girls' Vollyball team had a good season with a record of 9 wins and 5 losses.

Also, Edsel took fourth place in league. The team was an inexperienced one with little height compared to other opponents. The only returners were senior Mona Fakhoury and junior Lynn Putnam. This year's team was coached by Ms. Irma Calvisi.

The Dearborn Pioneers proved to be the down fall for the Edsel Ford Thunderbirds. Three of the five T-Bird losses were attributed to the Pioneers.

Harriers show their strength late in season

The 1976-77 Cross Country team surprised everyone, including themselves, by finishing 4th in the state meet.

Strangely enough this year's team consisted of primarily underclassmen which included three seniors, three juniors and one sophomore. The senior tri-captains were Jack McIntosh, Lyle Baker and Jeff Westray. Westray, who was an all-city and an all-leaguer last year, was also the most successful runner this year. Some of Westray's accomplishments for this year were second in the Suburban Eight League Meet, second place in the Dearborn Cross Country City Meet and 16th in the state Meet.

According to Coach Arnold "Skip" Domke, "Next year's team will be very strong bringing back four varsity lettermen and a J.V. team which was undeafeated this year."

Linksmen show improvement during season

After dropping their first two league matches of the season, the 1976 Golf team improved to a 2-3-2 league record.

In his first year as head coach, replacing Mr. Richard Feusse who had four successful seasons at the helm, is Mr. Jim Risto. His young and inexperienced team started off slow, but showed gradual improvement through the course of the season.

Picking up the slack for the graduated Larry Armour, last year's senior sensation, were senior co-captains Bob Tarrant, Steve Pickett, and sophomore Tom Yurmanovic.

In the Suburban 8 league meet, the golfers made a good showing placing fourth, one notch ahead of Dearborn High.

Matmen win 13th consecutive championship

Although consisting of mainly first year wrestlers, Edsel Ford's wrestling team closed out the 1976-77 season with an excellent 8-2 dual meet record. The grapplers finished fifth in the Surburban Eight with a 5-2 record.

Coached by Mr. Pat (Whizzer) Wyka and assisted by Mr. Dan (J.V. Guy) Smith, the wrestling team won their 13th consecutive city championshop with a win over Fordson, and a 26-22 score against Dearborn. In the Dearborn High meet, although a definite underdog, the T-Birds rose to the occasion and upset the pioneers with several outstanding performances by Edsel matmen.

This year's team was led by co-captain senior Don Burke and Reg Gourd. Although only a junior, Gourd dominated older, more experienced opponents throughout the season by compiling a 31-4 record. Some of his accomplishments were first place finishes in the Pontiac Northern, East Detroit, Western Wayne and the Edsel Ford Invitationals. He also was the Surburban Eight League champ as well as a regional qualifier.

Mr. Wyka is looking forward to another fine season next year with eight returning experienced lettermen to work with.

Returning vets highlight 1977 track season

Hoping to better last year's second place finish in the Suburban Eight, the Edesl Ford track team will rely heavily on the talents of returning lettermen to carry the team. Coached by Mr. Jack Bridges and Mr. Duane Machak, the cindermen hope to defeat defending league champion Dearborn this season.

Senior Tri-Captains Jeff Westray, Erik Flowers, and Todd Bierman will be depended on to carry much of the load during the season. Sprinters Tim Gabriel, Chris Kibit, Kerry Pytel, Jim Markley and Steve Lovasik, hurdlers Bernie Nabozny and Ken Furnier, distance men Jack and Gordon McIntosh, Dave Brown, pole vaulters Bill Brent and Steve Zuchowicz and high jumper Lyle Baker will also be counted on to carry their share.

With the amount of talent the T-Bird trackmen possess this year, there should be another league championship trophy for the Edsel Ford showcase by the end of the season.

Baseball team looks for successful season

The Varsity Baseball team finished the 1976 season with a 10-4 record and a second place finish in the Suburban Eight. Coached by Mr. Norm Schultz, the '76 T-Birds were led by All-City, All-League selections Mike Golles, Kurt Dobronski, Andy Sitarski, Tim Wancha and Mat Joyce.

This year's team will feature a powerful unit with Dobronski and Sitarski, both all-city choices from last year, returning. Other returning regulars from last year's runners-up squad are Junior-slugger Mark Hanson, seniors Dennis Lesmeister, Bill Damian, Dave Nystie and Larry Beniak. With these experienced players all coming back the T-Birds should be in contention for the league crown.

Netters continue Suburban 8 Dominance

Never trailing in the Suburban 8 league race in '76, the netters were defeated by Trenton on the last day of the season, and lost the league title for the first time in three seasons. Now with the return of nine lettermen, this year's team could be the finest Edsel has ever produced.

With seniors Silvio Farino, Tom Feusse, Rob Jablonski, Kevin Kinard, Bill Waldron, and sophomore Jeff Stassen leading the way, the netters will be once again the team to beat for the Suburban 8 title. The skillful squad should also make its presence known at this year's state meet.

Having the reputation of producing fine tennis teams is coach Mr. Ralph Cornell. His many hours of hard work will pay off as this year's tennis season starts.

Girls' softball debuts as new spring sport

Edsel Ford High School will feature a new athletic squad with the girls' softball team. Led by rookie coach Jim Risto, the girls' team will rely on previous softball experience to compete on the same level as other schools.

Key to the success will be the pitching. Holding down this position will be juniors Lynn Putnam, Sue Trainor, and sophomore Alice O'Dell. Holding down the key spots of the infield are Kathy Baltz, Cheryl LeFrank, Sue Toler, and Pat DePoli. Outfielders will be Sue Bibb, Donna Cseke, and Barb Auxier.

According to Coach Risto, "Were gonna win some and were gonna lose some." That may be as good an outlook as any.

Girls' track team to depend on experience

Although few in numbers, the 1977 girls' track team will attempt to make a run for the league title. Due to a small turn out, that goal would seem highly unlikely. The were two new coaches, Mr. Osenmacher and Miss Laurie Kitzman.

Any hope of achieving any level of success will depend on good individual performances. Senior Donna Sikora will be counted on for consistent performances in the sprints. The are also High Hopes for Sue O'Connor, Theresa Deeter, Jane Jones, Pat Rattray, Peggy Diroff, and Mary Beth Brotherton.

Perhaps the two young coaches will bring in with them new strategies to help the girls' track team to be winners.

Bowling introduced to intramural program

Intramurals, an activity based upon the enthusiasm and dedication of the students, is continually growing more and more popular.

Intramurals not only offers a sense of relaxation to the students, but also provides them with worthwhile phisical confrontations which add new and exciting dimensions to school life. Students find time to momentarily get away from the everyday drudgery of books and develop their mind and body through the physical enjoyment of sports.

The intramural program has been with Edsel Ford since the very beginning. Because of the continued success, intramurals has added an entirely new dimension to the program by introducing the sport of bowling, which has proved to be very successful.

Heading the boys' intramural program is Mr. Phil Kearney along with newcomers Mr. Norm Schultz and Mr. Pat Wyka. The advisors for the girls program include Miss Constance Charles and Miss Irma Calvisi.

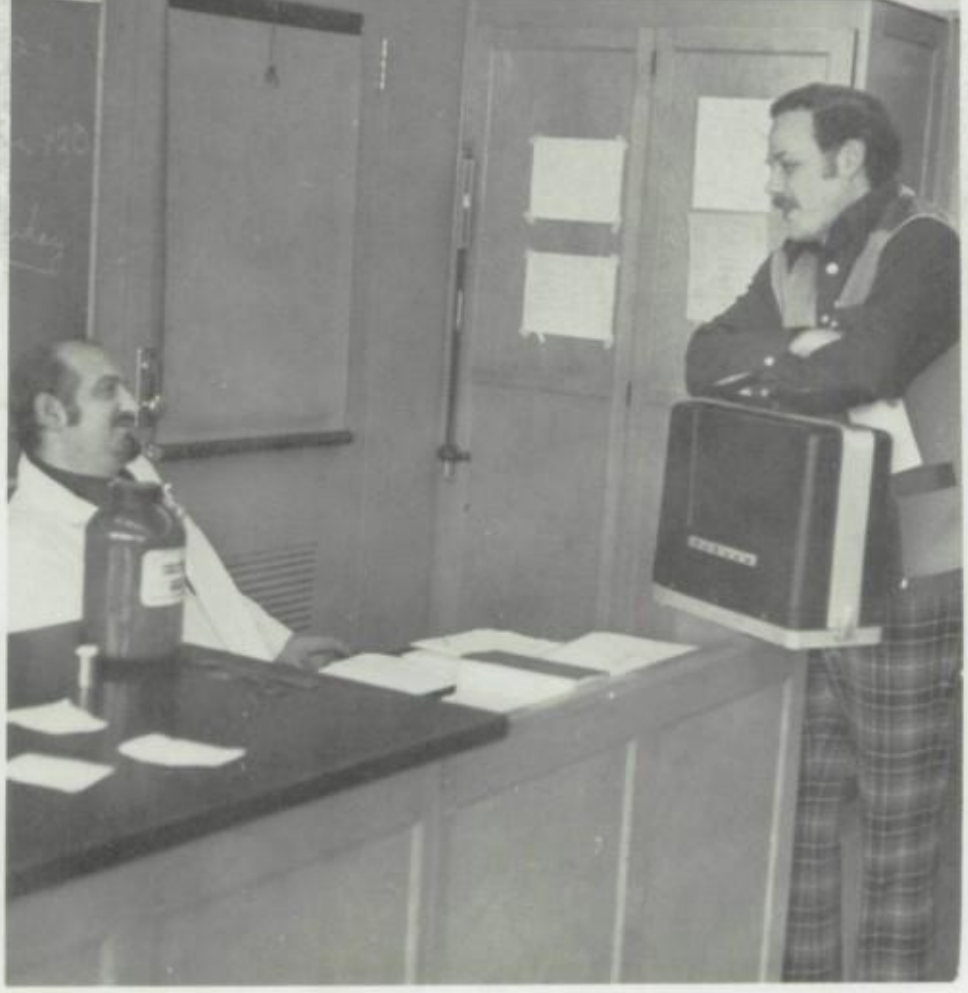
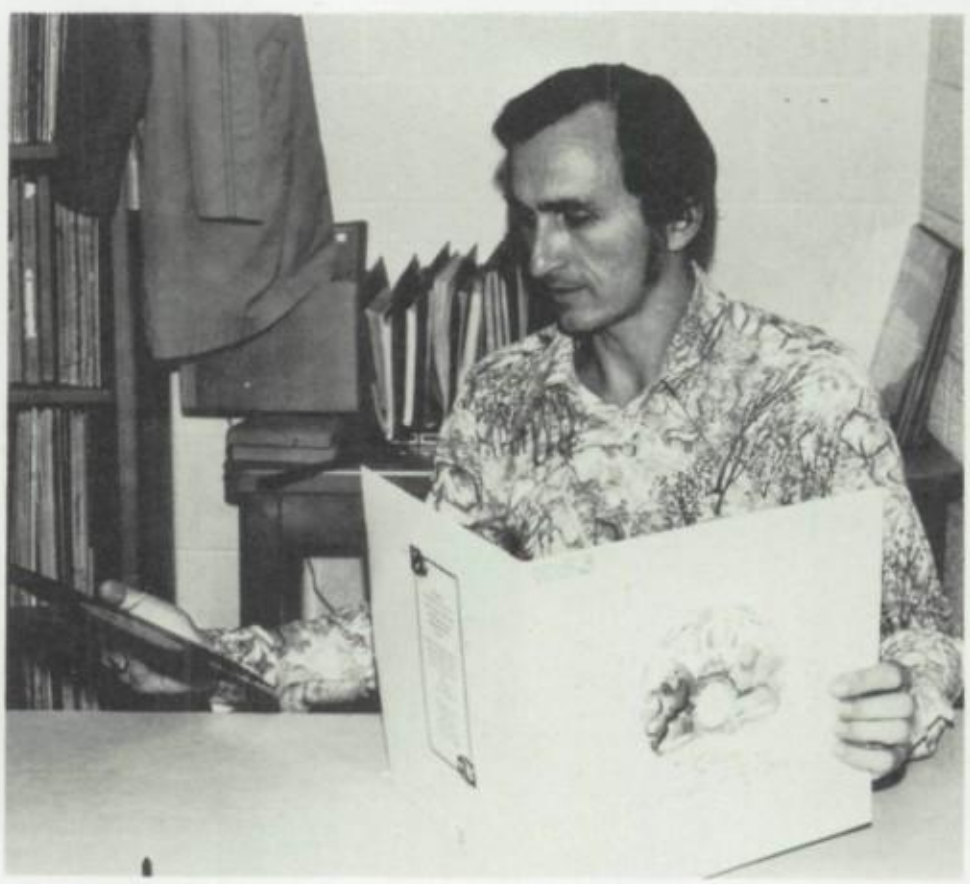
ACADEMICS





Faull begins his first full year as principal

Edsel Ford administration for the 1976-1977 school year includes Mr. Graham O. Porter, and Mr. Ronald R. Doherty, assistant principals and Mr. Harry T. Faull, principal.

Mr. Faull took the principalship in January of 1976 after Mr. John P. Romanow, the principal for 5 years, retired. Previous to this, Mr. Faull worked at other schools in Dearborn, but he stated, ''Coming to Edsel Ford was like coming home.''

He is one of the original members on the committee that founded Ignite. This is a program that allows students with a higher learning capacity to take classes that will benefit them in their careers. These classes may be taken at local colleges or wherever it will benefit the student most.

Art allows opportunities for self-expression

The art program offers a student a chance to express himself by using his imagination to create. It offers freedom to work independently or to share and express ideas with others.

The art program consists of art 1(basic drawing), art 11(sculpture), jewelry 1, commercial design 1 and lettering, clay and crafts.

The advanced courses offered are advanced jewelry, advanced commercial, advanced clay and advanced 2D.

The Art Festival is usually the 3rd week of May. Any kinds of projects can be made, including drawings, cartoons, carvings, sculptures, and paintings. Anybody can enter a project. All projects are judged by art teachers and prizes are awarded.

Business Dept. offers a variety of classes

The Edsel Ford Business Education Department contains a wide range of classes and students. One of the more unique classes is Distributive Education.

The students who have taken Distributive Ed. 1 and 2 have the opportunity to elect Distributive Ed. Lab 1. This course is for the students that want practical experience regarding the school store. The students manage the T-Bird Tunnel which sells candy, supplies, and novelties to students during their lunch hours, and also before and after school.

Humanities program opens student horizons

English Humanities' main purpose is to broaden the horizon of the students. Mr. Martin Holtgrieve comments, "It is also designed for use after our students graduate so that they are more capable of spending their leisure time wisely."

The Humanities' week consists of three days of English, one day of music, and one day of visual arts. The combination of the three allows the student to learn and enjoy all modes of communicaton.

Four sessions of art each semester are spent in the Art Lab. Here the students are set out on their own to create a work of art by applying what they have learned. Then, they are expected to write a paper, or give a speech, evaluating their own work of art. This can prove to be a very rewarding and satisfying experience.

Different techniques, classes attract attention

Here at Edsel Ford we have quite a selection of English electives; altogether there are nine, including film study, speech, debate, forensics, newstaff, drama, journalism, journalism yearbook, and reading improvement.

The classes most popular and as well as active are film study and debate. In film study, a student will learn the different techniques and learn to look at films to see the real meaning behind them. Debate, being taught by Mrs. Lee McFarlin, gives the students a chance to participate in after school debates as well as on Saturdays. They compete against different schools in and around this area.

Reading improvement is five sections larger this year than in past years. This is reading improvement's second full year. In this class the students no longer read from just books, they also use a machine that flashes a series of words or a full sentence to improve their reading abilities without looking back.

Classes help students prepare for their future

Human Relations is a unique class. Its purpose is to help students solve common problems, to grow and develop as persons, and to learn to solve or adjust to the problems of life.

In the 10B students are introduced to the school. They also receive vocational information and explore careers of their choice. Students now also have the opportunity to experience decision making and values clarification as they relate to choosing a career, In the 10A students improve on reading skills and learn study techniques.

In the 11th grade students come to understand human behavior through a study of psychology.

The 12th grade focuses on marriage and family living and practical economics. Vocational and educational guidance are also given.

A program for the mentally impaired is also offered here. Mr. Mohammed Sion is the head of this program which gives these students vocational training and helps them to get along in everyday life.

Junior high students participate in languages

Learning another language not only acquaints the student with the culture and people of a different country, but also enables one to have a better knowledge of the mechanics of the English language.

This year, the Language Department started serving students from the junior high schools in this area, as well as the regular students. These students are enrolled in the beginning German and Spanish classes, and second year French classes.

The instructors mainly want to teach their students how to understand, speak, read, and write the language, and then in the advanced classes, emphasis is put on one or two of these areas. In this way, the student is well equipped with more knowledge of communication and the culture of another part of the world.

Math Department nominates new chairman

This year the head of the Math Department is Mrs. Pat Major. There has been a new addition to the department, Mr. Ross Lindsay.

Some of the courses being offered this year are introductory algebra, introductory geometry, geometry 1,2, algebra 3, Illinois math and trigonometry 1 and 11. Courses also offered are advanced math 1 and 11, computer programming, and refresher math.

During a student's three years at Edsel Ford he is required to take one semester of math in order to graduate. Also all students must take a Dearborn Arithmetic Test during their junior year to determine whether or not refresher math is needed.

Music Department offers strong program

"The Edsel Ford Music Department has had a reputation as a strong music program. My goal is to build on that reputation through the development, in both size and quality, of the best in instrumental music groups," said music instructor Mr. Phil Dillingham.

This year students had the opportunity to join band, orchestra, jazz band, and marching band. Most students who participate in the music program have had some musical experience in elementary and junior high school.

The instrumental music department obtained new equipment this year including a dance band set, marching percussion, sousaphone, and an electric piano.

Some events the orchestra or bands participate in include home football games, some basketball games, parades, many concerts, and assemblies.

Mr. Dillingham feels his work at Edsel Ford has been challenging and rewarding. He has experienced great pride in being a member of the professional staff and in his association with the students of this school.

Vocal classes enlighten student awareness

The Vocal Music Department is quite a busy place with Mr. Jesse Young as chairman. He also teaches chorus, concert choir and vocal ensemble.

In these courses the students do many activities. They perform for local junior high schools in Dearborn, have pop concerts, Christmas concerts, and winter concerts. In these events they sing a variety of songs, such as country, folk, religious, rock, and classical.

In the words of Mr. Young, "Music offers a student a life time of performance opportunity as well as listening pleasure."

The goals that the Music Department are striving for are learning about music and learning to read music.

Phys Ed Dept adopts concept of co-ed gym

This year the Physical Education Department has adopted the concept of co-educational gym. Although this program is in the experimental stage, eleventh and twelfth graders are participating enthusiastically.

Presently all schools across the country are adopting co-ed gym on a trial basis. By 1977, the Board of Education hopes to acquire co-educational gym classes as a permanent activity among all grades.

This year eleventh and twelfth graders had their choice of electing three out of seven activities in which they would participate. These include all non-contact sports, such as badminton, field hockey, tennis, football, and speed-a-way.

Co-educational gym is promoting not only a competitiveness between male and female, but is expanding their knowledge and enjoyment of other sports. Co-ed gym will require the co-operation of both students and teachers to be a success.

Experiments create better understanding

The Science Department agrees that science is an important part of every person's education. In an effort to teach meaningful courses the department relies on several guidelines. These guidelines include a solid foundation of conceptual material based upon laboratory oriented work by the student.

The traditional college prep courses offered each year are biology, chemistry and physics. In addition to these courses there is the natural science sequence for the non-college bound student.

The elective courses offered by the Science Department are photography, horticulture and bio-lab. Each course offers the student a more in depth look at some of the other science fields.

Maintaining both courts and the tree nursery is also the responsibility of the Science Department. The planting in various parts of the school grounds are under the care of the horticulture classes.

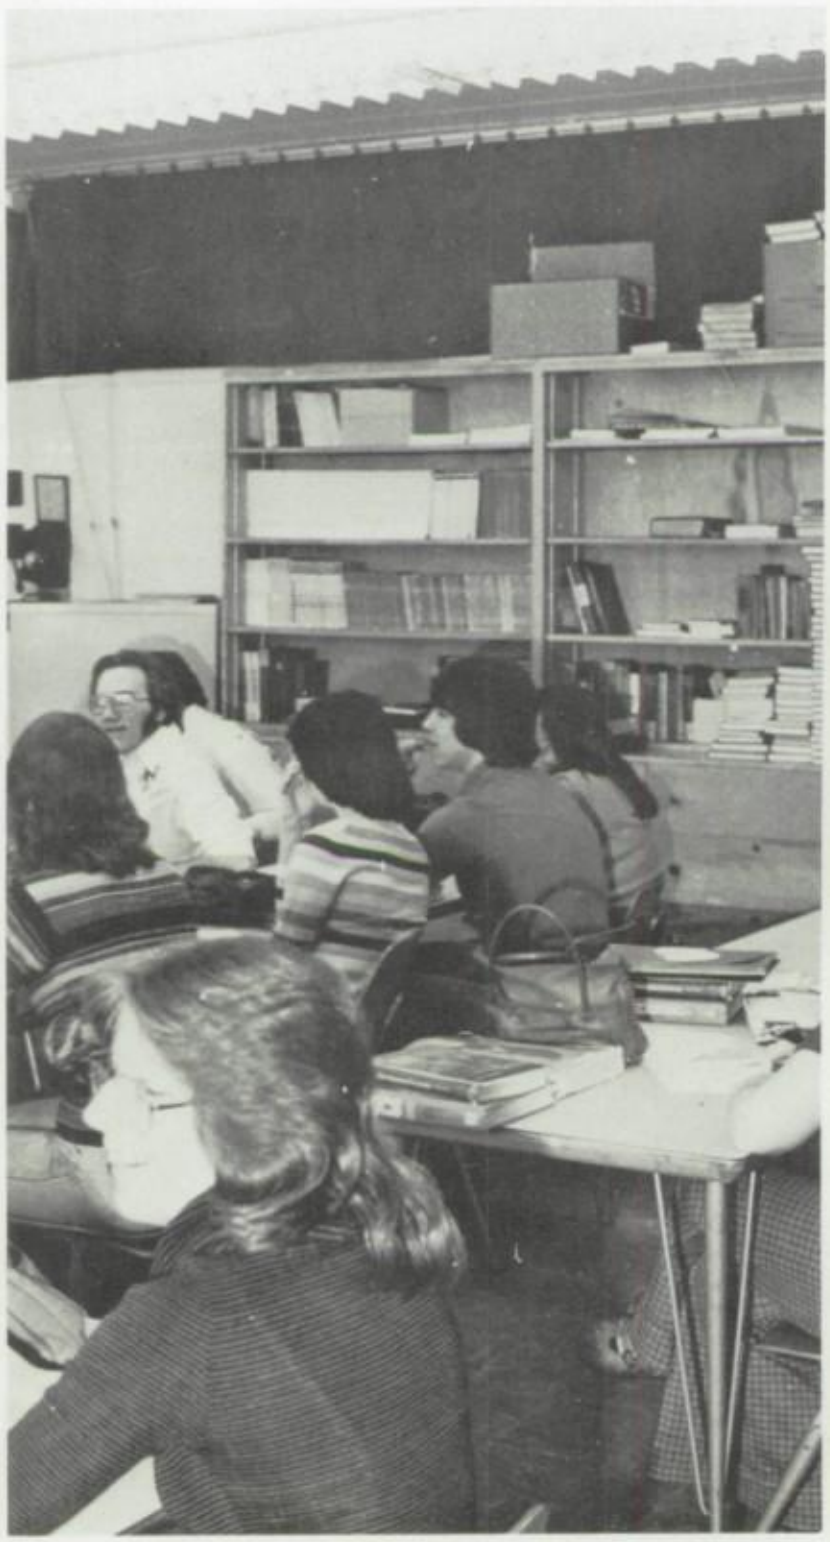
Election year aids social studies program

BELOW: *Seniors often elect sociology as their final social studies course at Edsel.* Opposite Page. LEFT: *Social Studies Department chairperson, Ms. Susan Nagy, prepares a lesson in the curriculum room.* RIGHT: *Mr. William Johnson conducts one of his classes.*



This year's social studies courses have been changed somewhat. The 10A and 10B semesters have a more "personal view of American History" according to Ms. Susan Nagy, this year's department chairperson.

Because it was an election year, the election process was studied, and students created bulletin boards explaining the candidates' positions. Also, a mock election was conducted.

One popular elective offered to juniors and seniors was Images of Asia where China, Japan, and India were studied. The study included a field trip to a Chinese museum in Ann Arbor.

Some student were enrolled in the community services program, which has students working at local hospitals, schools, and at the Dearborn Police Department.

Industrial arts provide practical experience

Practical experience related directly to industry is what the Industrial Arts Department has to offer students. Mr. Stanley Barnett, head of the Industrial Arts Department, says that courses such as woodshop, electronics, drafting, automotives, and metal shop are open to both males and females.

There is no pre-experience necessary to take these classes, and they may be taken for six semesters, though students may elect another two semesters in their junior and senior year. In order to get to the advanced classes, beginnging classes must be taken.

Programmed learning is used for the first four levels, and students proceed at their own rate and ability with suggested deadlines. There are still semester requirements that must be met by each student.

Experience mixes with fun and learning

"The meal management classes really do exciting things," states Mrs. Joanne McConkey and adds, "I am very pleased that the male participation has been about 50-50 for almost five years now."

The meal management classes have dined out at a restaurant or two each semester in order to gain a closer insight on how food can be handled and dealt with.

Child development classes have held parties for the faculty's children this year. Such events have given students the opportunity to observe behavior and also learn how to deal with children more effectively.

The Homemaking Department also offers clothing, interior decorating and personal and social development classes.

Unlike a lot of high school yearbooks, the Edsel Ford **Flight** is a student produced yearbook. Layout, photography, pasteup, and now even type setting are done by students. The only professional assistance is in the senior and underclass portraits. The staff feels that it is distributing a student produced annual and not one that goes under the guise of student production.

However, the staff would also like to recognize those people who assisted in the production of the book. Ms. Mae Davis and Ms. Bev Bazzy were very helpful in the sales campaign; Mr. Jim Risto gave great assistance in photography; Mr. Leonard Stolfo helped in the type setting realm; and Mr. Whitehead of Modern Yearbook Company was valuable in those technical problems related to printing.
